you are not alone

OFFICIAL CHARITY PROGRAM

For the Benefit of Local Seniors with Memory Loss and their Caregivers

Make the St. George Marathon Even More Meaningful...

Every step you take, every mile you complete, will mean more this October when you are doing it to help someone suffering from Alzheimer's disease and Dementia. Your personal best takes on an added significance when you are dedicated to making a difference in someone else's life.

The St. George Marathon Official Charity Program is designed to assist participating charities to achieve financial support from event participants and raise awareness for worthy charitable causes.

Support Those Struggling With The Disease...

Alzheimer's disease and Dementia touches more than just the person diagnosed. It has an impact on everyone around them. Memory Matters Utah/Nevada strives to assist those fighting the disease through activities, support education and consultation.

How It Works: The 1-2-3's of Dedicating Your Marathon?

1. Go online to: www.gofundme.com/memory-matters-st-george-marathon and make the \$250 donation with the explanation it is for the St. George Marathon and to whom you are dedicating your race (if applicable).
2. After you pay your \$250 online you will need to email Memory Matters confirmation of your donation along with your contact information: name, address, phone number, email, date of birth, and city where you live. After we receive your email, you will be sent a Marathon Entry Code. Codes must be entered before Aug. 30, 2019.
3. You will need to go to the St. George Marathon website to register with your Marathon Entry Code and pay the \$95 registration fee. <https://register.sguleisure.com/marathon/Closed.aspx>

Your donation helps Memory Matters meet the growing needs of local seniors with memory loss due to Alzheimer's disease and dementia and provides respite for caregivers. Memory Matters is a 501(C)(3) non-profit service organization.

Dedicate Your Marathon...

This year, dedicate your efforts to someone battling dementia or in memory of someone lost!

Support those struggling with the disease and their caregivers and help create greater community awareness.

Make A Difference Today...
